To: The shareholders of THB

Dear Sir/Madam,

**LETTER TO SHAREHOLDERS PERTAINING TO THE PROPOSED RENEWAL OF EXISTING SHAREHOLDERS' MANDATE**

**1.0 INTRODUCTION**

On 7 April 2026, the Board announced to Bursa Malaysia Securities on the Company's intention to seek shareholders' approval for the Proposed Renewal of Existing Shareholders' Mandate. The existing authority for the Shareholders' Mandate which was approved by the shareholders at the AGM of the Company held on 5 June 2025, shall in accordance with the Listing Requirements, lapse at the conclusion of the forthcoming Ninth AGM of the Company, unless renewal is obtained from the shareholders of THB at the forthcoming AGM of the Company.

The purpose of this circular to shareholders is to provide you with relevant information on the Proposed Renewal of Existing Shareholders' Mandate and to seek your approval for the ordinary resolution to be tabled at the forthcoming Ninth AGM of the Company.

## **2.0 PROPOSED RENEWAL OF EXISTING SHAREHOLDERS' MANDATE**

### **2.1 Principal activities**

THB is principally an investment holding company, and its subsidiaries are primarily involved in the following:

- (i) Processing (i.e., slitting and shearing) of steel coils into slit coils and steel sheets;
- (ii) Manufacturing of steel products comprising steel pipes, flat bars, square bars, expanded metals, checkered plates, and C Purlins; and
- (iii) Trading of steel products, including steel plates, steel pipes, round bars, angle bars, and wire mesh.

It is anticipated that THB Group would, in the ordinary course of business, enter into Recurrent Transactions, which are detailed in Section 2.3. It is likely that such Recurrent Transactions will occur with some degree of frequency and could arise at any time.

In view of the time-sensitive, confidential and frequent nature of such Recurrent Transactions, the Board is seeking shareholders' approval for the Group to enter into Recurrent Transactions in the normal course of business within the classes of Related Parties as set out in Section 2.3, provided that such Recurrent Transactions are entered into at arm's length basis on the transaction price and on normal commercial terms which are not more favourable to the Related Parties than those generally available to the public and which will not be to the detriment of the minority shareholders of the Company. The Recurrent Transactions will also be subject to the review procedures set out in Section 2.6.

### **2.2 Details of the Proposed Renewal of Existing Shareholders' Mandate**

Pursuant to Rule 10.09(2) and Guidance Note 8 of the Listing Requirements, the Company may seek a mandate from its shareholders for Recurrent Transactions subject to the following:

- (a) the transactions are in the ordinary course of business and are on terms not more favourable to the Related Party than those generally available to the public;
- (b) the shareholder mandate is subject to annual renewal, and disclosure is made in the annual report of the aggregate value of transactions conducted pursuant to the shareholder mandate during the financial year where the aggregate value is equal to or more than the threshold prescribed under Rule 10.09(1) of the Listing Requirements;
- (c) the Company's circular to shareholders for the shareholder mandate includes the information as may be prescribed by Bursa Malaysia Securities. The draft circular to shareholders must be submitted to Bursa Malaysia Securities together with a checklist showing compliance with such information;
- (d) in a meeting to obtain a shareholder mandate, the relevant Related Party must comply with the requirements set out in Rule 10.08(7) of the Listing Requirements; and
- (e) the Company immediately announces to Bursa Malaysia Securities when the actual value of a Recurrent Transaction entered into by the Company exceeds the estimated value of the Recurrent Transactions disclosed in the circular to shareholders by 10% or more and must include the information as may be prescribed by Bursa Malaysia Securities in its announcement.

The Proposed Renewal of Existing Shareholders' Mandate is subject to annual renewal. The Proposed Renewal of Existing Shareholders' Mandate, if approved, will take effect from the date of the passing of the ordinary resolution proposed at the forthcoming Ninth AGM of the Company and will only continue to be in force until:

- (a) the conclusion of the next AGM of the Company following the general meeting at which such mandate was passed, at which time it will lapse, unless by a resolution passed at the meeting, the authority is renewed;

- (b) the expiration of the period within which the next AGM of the Company after that date is required to be held pursuant to Section 340(2) of the Act (but must not extend to such extension as may be allowed pursuant to Section 340(4) of the Act); or
  - (c) revoked or varied by resolution passed by the shareholders in a general meeting,
- whichever is the earlier.

**THE REST OF THE PAGE IS INTENTIONALLY LEFT BLANK**

## **2.4 Outstanding Recurrent Transactions receivables**

There is no amount due and owing to the Group by its Related Parties pursuant to the Recurrent Transactions; as such, the disclosure as required under Rules 16A and 16B in the Annexure GN8-A of the Listing Requirements is not applicable.

## **2.5 Rationale for the Proposed Renewal of Existing Shareholders' Mandate**

The Recurrent Transactions entered or to be entered into by the Group with respect to which the Proposed Renewal of Existing Shareholders' Mandate is sought are those which will be carried out in the ordinary course of business and are mainly for the support of the Group in its day-to-day operations. The Recurrent Transactions are likely to occur to some degree of frequency and arise at any time and from time to time.

These Recurrent Transactions may be constrained by the time-sensitive, frequent nature and confidentiality of such Recurrent Transactions, and it may be impractical to seek shareholders' approval on a case-by-case basis before entering into the Recurrent Transactions. As such, the Board is seeking a shareholders' mandate pursuant to Rule 10.09 of the Listing Requirements for the Recurrent Transactions described in Section 2.3 to allow the Group to enter into such Recurrent Transactions which will be made or made at an arm's length basis and on normal commercial terms which are not more favourable to the Related Parties than those generally available to the public and are not to the detriment of the minority shareholders of the Company and which are not prejudicial to the interests of the shareholders of the Company.

The sales to the Related Parties benefit THB Group as they contribute to THB Group's revenues and profitability.

The acquisitions from Related Parties benefit the THB Group as they enable the Group to be more competitive in terms of product pricing and response time in the steel-related sector and create an extensive network of marketing, distribution, and manufacturing operations for the Group. These upstream and downstream linkages will help reduce inventory costs, increase availability and fulfil customer demands, improve asset allocation, reduce inventory lead time, and better utilisation of resources.

By obtaining the shareholders' approval on the Proposed Renewal of Existing Shareholders' Mandate and the renewal of the same on an annual basis, the necessity to make announcements to Bursa Malaysia Securities and/or to convene a separate general meeting from time to time to seek shareholders' approval as and when such Recurrent Transactions occur would not arise. The Proposed Renewal of Existing Shareholders' Mandate, if approved, would result in substantial savings of administrative time, inconvenience, costs, and expenses for the Company in that it would dispense with the need for the Company to convene shareholders' meetings to approve the Recurrent Transactions, which are of a recurring in nature. It would also enable the Group to meet its corporate objectives and realise business opportunities as and when they become available to the Group in a more timely and effective manner.

## **2.6 Disclosure and review procedures for the Recurrent Transactions**

In order to ensure that such Recurrent Transactions are conducted at an arm's length basis on the transaction price and on the Group's normal commercial terms consistent with the Group's usual business practices and policies, which are generally not more favourable to the Related Parties than those extended to unrelated third parties and are not to the detriment of the minority shareholders of the Company, the Audit Committee and management will ensure that the transactions with the Related Parties will only be entered into after taking into account the pricing, level of service, quality of products and other related factors.

The Company will implement the following review procedures prior to entering any Recurrent Transactions, which are supplemented to the existing internal procedures for general transactions:

- (i) An updated list of Related Parties will be circulated to the management of THB Group to notify that all Recurrent Transactions are required to be undertaken at an arm's length basis and on normal commercial terms and on terms not more favourable to the Related

Parties than those generally available to the public and are not to the detriment of the minority shareholders of the Company.

- (ii) The internal audit plan shall incorporate a review of the Recurrent Transactions entered into pursuant to the shareholders' mandate to ensure that the relevant approvals have been obtained and that the procedures in respect of the Recurrent Transactions have been adhered to. The Board and the Audit Committee shall review the internal audit reports to ascertain that the review procedures established to monitor Recurrent Transactions have been complied with.
- (iii) The Board and the Audit Committee have reviewed the procedures and shall continue to review the procedures as and when required.
- (iv) At least two (2) other contemporaneous transactions with unrelated third parties for similar products/services and/or quantities will be used as a comparison, wherever possible, to determine whether the price and terms offered to/by the Related Parties are fair and reasonable and comparable to those offered to/by other unrelated third parties for the same or substantially similar type of products/services and/or quantities. In the event that quotation or comparative pricing from unrelated third parties cannot be obtained (for instance, if there are no unrelated third party vendors/customers of similar products or services, or if the product/service is a proprietary item), the transaction price will be based on prevailing market rates/prices that are agreed upon under similar commercial terms for transactions with unrelated third parties, business practices and policies and on terms which are generally in line with industrial norms and are not detrimental to the Group and the minority shareholders of the Company. Other factors taken into consideration for evaluation purposes include the reliability of supply and delivery, as well as the quality of materials, goods, and services.
- (v) THB Group will obtain quotations from third parties in order to compare quotations from Related Parties and will make purchases from the parties (whether they are third parties or Related Parties) that offer the lowest quotations. Although the Group also sources similar products and services from third parties, the Board is of the view that these close business relationships with the Related Parties allow the Group to be more competitive in terms of product pricing and response time in the steel-related sector and create an extensive network of marketing, distribution and manufacturing operations for the Group. These upstream and downstream linkages will help reduce inventory costs, increase availability and fulfil customer demands, improve asset allocation, reduce inventory lead time, and better utilisation of resources.
- (vi) There is no specific threshold for approval of Recurrent Transactions. All Recurrent Transactions are reviewed and authorised by personnel of at least managerial level, provided always that such person has no interests in the Recurrent Transactions and the said Recurrent Transactions have been approved pursuant to the shareholders' mandate obtained at an AGM of the Company.

The Audit Committee has the overall responsibility of determining whether the procedures for reviewing all Recurrent Transactions are appropriate. The Audit Committee will review and ascertain whether the guidelines and procedures established to monitor Recurrent Transactions have been complied with at least once a year.

Approval for the shareholders' mandate will be sought for renewal at each subsequent AGM of the Company subject to a satisfactory review by the Audit Committee of its continued application to the Recurrent Transactions.

In addition, where any Director of the Company has an interest (direct or indirect) in any related party transactions, such Director (or his alternate, where applicable) shall abstain from voting on the matter and deliberating at Board meetings in respect of related party transactions in which he/she is interested.

In accordance with Rule 3.1.5 of Guidance Note 8 of the Listing Requirements, disclosure has been made in the Annual Report 2025 of the Company of the actual breakdown of the aggregate value of the Recurrent Transactions undertaken pursuant to the Shareholders'

Mandate during the financial year ended 31 December 2025. Disclosure will also be made in the annual reports for subsequent years during which such mandates remain in force.

## 2.7 Statement by the Audit Committee

The Audit Committee has reviewed the procedures and terms of the Recurrent Transactions and is satisfied that the review procedures for Recurrent Transactions, as well as the annual review to be made by the Audit Committee in relation thereto, are sufficient to ensure that Recurrent Transactions will be made at arms' length and in accordance with the Group's normal commercial terms, which is not more favourable to the Related Parties than those generally available to the public and hence, will not be detrimental to the minority shareholders of the Company or disadvantageous to the Group.

In addition, the Audit Committee is of the opinion that the Group has put in place adequate procedures and processes to monitor, track and identify the Recurrent Transactions in a timely and orderly manner, and the frequency of the review of these procedures and processes are carried out on a yearly basis, or such frequency as the Audit Committee considers appropriate having regard to the value and the frequency of the Recurrent Transactions.
